

FACILITY AND SITE SURVEYS

Upon the recommendation of the Superintendent, the Board of Education shall contract for the services of consultants and other resource personnel for the study of particular problems pertaining to facilities and sites located within the school district. The results of these services will be considered in the planning and decision making about the improvement of existing facilities or the construction and/or acquisition of new facilities.

To the extent possible, the need for such special studies shall be anticipated in advance so budgetary provisions can be made.
