EMPLOYEE COMPLAINTS

Complaints of an employee against a fellow employee should be discussed directly between employees. Other complaints of an employee or group of employees should be brought directly to the immediate supervisor or principal in a constructive and professional manner. Issues that cannot be resolved can be submitted to the Superintendent, or designee, for review. This process does NOT apply for complaints of bullying and harassment which are addressed as per Policy 403.51-E1.

WORKPLACE STANDARDS AND POLICIES

PERSONAL BUSINESS ON SCHOOL TIME

As a general rule, employees should not conduct personal business on school time. District equipment or supplies should not be used to conduct personal business or any other activity not connected with the school district. Violation of this rule can be grounds for disciplinary action up to and including termination.

ALCOHOL AND DRUG FREE WORKPLACE

The District provides a drug and alcohol-free workplace. No employee shall possess, use or be under the influence of any illegal drug or alcohol in the workplace. Any employee who exhibits behavior that suggests being under the influence of drugs or alcohol will be required to undergo testing. Violation of the drug and alcohol policy will result in discipline up to and including termination.

ASBESTOS AWARENESS PROCEDURES

Compliance with the Standards of the Iowa Occupational Safety and Health Act requires that the Waterloo Community Schools notify and train all staff who will work in or adjacent to areas containing Asbestos Containing Materials (ACM) or Presumed Asbestos Containing Materials (PACM). Staff must be aware of the presence, the location, and the quantity of such materials. Each building in the Waterloo Community School District has an HERA manual located in the Main Office that describes the location of ACM or PACM within the building. All staff is required to review the manual for the materials present in their areas.

Any employee who finds or suspects that asbestos is damaged or disturbed should follow the procedures as outlined:

- Do no touch or handle the material.
- Evacuate and secure the areas (lock the door or shut off the area in question)
- Contact the first available person, respectively from the following list:
 - Building Principal
 - Head Custodian
 - Central Stores at 319-433-1828 or
 - Zach Kelly, Director of Operations

The Director of Operations will immediately direct trained personnel to the site for evaluation of the situation, follow the necessary procedures to contain or remove any asbestos, and will contact the Building Principal to advise him/her when the work has been completed and it is safe to return to the area. Failure by any employee to follow the above procedures may result in disciplinary action being taken. An asbestos

awareness session will be conducted for all employees prior to the beginning each school year. Staff will be notified as to the date and location of said training.

DRESS CODE AND APPEARANCE

EMPLOYEE DRESS CODE POLICY

The Board of Education believes that no mode of attire will be considered proper for school wear that distracts from or disrupts classroom and school decorum. Employee dress and grooming shall not detract from the learning/educational environment of students in their classes, school programs or other school-related activities. Visible tattoos shall not be obscene, vulgar, profane, representative of drug/alcohol use or gang affiliation, or distracting to the educational environment.

It is the responsibility of principals or supervisors to assure that all employees are properly dressed. COMPENSATION

PLACEMENT ON COMPENSATION SCHEDULE

INITIAL PLACEMENT

The initial placement of an employee on a compensation schedule is based upon the employee's preparation, quality, and experience and at the discretion of the District.

CREDIT FOR DISTRICT EXPERIENCE

Employees who leave the district and choose to return may be granted credit for past Waterloo experience.

ADVANCEMENT ON COMPENSATION SCHEDULE

Employees on the regular salary schedule shall be granted an increment or vertical step on the schedule for each year of service.

A year of service consists of employment with the Waterloo Community School District for a number of days exceeding fifty percent (50%) of the regular contract length for that classification.

DIRECT DEPOSIT

Employees may elect to receive payment via direct deposit of their paychecks. All employees hired after July 1, 2005, are required to receive payment via direct deposit of their paychecks. Pay stubs may be accessed at the Employee Portal on the website.

PAY DAY SCHEDULE

All employee groups with the exception of substitutes, non-district coaches and AFSCME employees will receive payment of salary and wages in twelve (12) equal installments on the fifteenth (15th) of each month via direct deposit. When a pay date falls on or during a school holiday or weekend, each employee shall be paid on the last previous working day via direct deposit of their paychecks.

The pay days for payment of salary and wages for the AFSCME group shall be on the fifteenth (15th) and the last day of the month. In the event that pay day falls on a holiday or on a day which work is not normally scheduled (except spring break) the preceding work day shall be the pay day for that week.

Substitutes and non-district coaches shall receive payment of salary and wages on the last day of the month.

USE OF PERSONAL VEHICLES

The District shall continue to provide auto liability insurance protection for employees when their personal automobiles are used for district duties. Such insurance serves as excess coverage to vehicle owner's liability insurance but does not cover deductibles or primary coverage.

OVERTIME

Any employee subject to the overtime provisions of the Fair Labor Standards Act of 1938, as amended, and who is required to work in excess of 40 hours in any established work week, shall be compensated for the hours in excess of 40 at the rate of one and one-half (1-1/2) times the regular rate of pay for the service performed. It is the fiscal responsibility of the district to consider other options prior to approving work that results in overtime pay.

OVERTIME GUIDELINES

Overtime and compensatory must be documented using the Overtime Record form. The form can be found in the Human Resources Shared Drive in the Employee Forms folder.

All overtime and compensatory time must be **preapproved** by the employee's immediate supervisor. Approval requires that the employee and administrator/supervisor initial the Overtime Record form prior to the employee working overtime.

At the time of approval, the employee must indicate if the overtime is to be paid or taken as compensatory time.

Paid time

If the time is to be paid, the employee must complete an extra pay sheet and attach a copy of the Overtime Record form.

The completed extra pay sheet and Overtime Record must then be provided to the administrator/supervisor for approval.

The administrator/supervisor will then sign the extra pay sheet and Overtime Record and submit them to the Human Resources Department for approval by the 20th of the month.

Extra pay sheets/overtime records received by the Financial Services office with the proper approvals by the 25th of the month will be paid on the next payroll.

Compensatory time

If compensatory time is elected, the employee is responsible for keeping and maintaining the Overtime Record.

When the employee requests to use compensatory time, it must be approved by the administrator/supervisor. Approval requires the signature of the administrator/supervisor.

Upon approval, the employee is responsible for contacting the Attendance Center Secretary who will enter the absence in Aesop as "Other Leave." The secretary will indicate that the absence is compensatory time in the "Notes to the Administrator" section.

Once the administrator/supervisor approves the absence in Frontline, he/she is required to provide a copy of the Overtime Record indicating the time to be taken and any remaining balance. This information should be sent to the Administrative Assistant to the Chief Officer for Human Resources.

Compensatory time must be used within the pay period in which it was earned. Requests for exceptions should be made to the Chief Officer for Human Resources. No compensatory time will be carried over to the new school year.

All overtime records will be maintained in the Human Resources Department as documentation of compliance with the Fair Labor Standards Act.

***Overtime Record form can be found in the Human Resources Shared Drive**

An Employee Assistance Program (EAP) is an employer-sponsored benefit program providing free, confidential assistance to all employees of the District, their spouses and dependents. The District has partnered with UnityPoint Health – Allen Hospital to provide this service.

EAP helps when personal problems disrupt your work, your life, or both. Professional counselors address issues like marital and family problems, parenting challenges, separation and divorce, alcohol or drug abuse and addiction, depression and anxiety, grief and loss, and job stress. Your EAP counselor will help you assess your concern and identify resources and assistance.

Call (319) 235-3550 or toll-free (800) 303-9996 to access the EAP.

THE IOWA PUBLIC EMPLOYEES RETIREMENT SYSTEM (IPERS)

The IPERS plan is a defined benefit plan. The lifetime monthly benefit you receive is defined; it's calculated using a formula. As your years of service and salary

increase, your IPERS benefits grow too. Both you and the district contribute to IPERS.

VISION CARE

The District offers two vision plans for all qualifying employees and their immediate families. Each plan is voluntary and available at the employee's expense. All employees have an annual eye exam that is covered under their Health Partners plan.

403(B) TAX SHELTERED ANNUITIES

The School Board currently supports a 403(b) retirement savings plan. These plans are available only to employees of public school systems and certain other nonprofit organizations. These employee accounts are commonly referred to as Tax Sheltered Annuities or TSAs. All regularly scheduled employees may elect to contribute a limited portion of their salary to one of the authorized plans available through their employer.

HEALTHCARE FLEXIBLE SPENDING ACCOUNT

This account is made available for persons who expect to incur health care expenses for themselves or their dependents during the plan year (January 1 through December 31) which will not be covered under their medical, dental, vision, or other health care plans. Examples include co-payments for office visits, prescriptions, or anything medically necessary not covered by the plan. The main advantage of the Health Care Flexible Spending Account is that expenses reimbursed through this account are paid on a pre-tax basis.

DEPENDENT CARE FLEXIBLE SPENDING ACCOUNT

The Dependent Care Flexible Spending Account is a benefit which covers expenses for the care of your dependents while you (and your spouse, if you are married) work. The benefit allows you to pay for day care and other qualified expenses for your preschool children, after-school care for older children, and care for elderly parents or other disabled dependents with pre-tax payroll deductions.

TYPES OF LEAVE

PAID LEAVES

SICK LEAVE

DEFINITION

Sick leave is defined as the absence of an employee from the regularly assigned duties as a result of the employee's illness, injury, or disability for which the employee does not lose pay or other benefits.

Sick leave may be taken in ½ day increments. Leave balances are available in the absence reporting system. Sick leave should be considered as a form of "insurance" and not a "benefit." It is intended to be used only as needed and not considered as a "use it or lose it" benefit. Employees who request to use sick leave for less than an hour should talk with their supervisor as it may be granted if it does not affect students.

VERIFICATION

The employee will provide, upon request from the District, reasonable verification that the employee is medically unable to work. This verification must be received in the Human Resources Office within two (2) business days. If the employee is absent because of illness, injury, or disability for a period of five (5) consecutive working days or more, they shall present a physician's statement of approval to return to work. The District has the right to request an independent opinion from a physician of its choice, at District expense.

SICK BANK

A Sick Leave Bank will be established for the use of employees who choose to participate. Upon approval, use of the Sick Leave Bank days will commence on the first day after accumulated Sick Leave is exhausted. The individual use of Sick Leave Bank days may not exceed 30 work days per school year. The Bank year will be the contract year. Use of the Bank will continue until the employee reaches the maximum usage, becomes eligible for long term disability insurance or the end of the contract year.

Participation in the Sick Leave Bank will be on a voluntary basis and each participating individual employee's contribution will be made in the form of one (1) day of Sick Leave from his/her current year's allocation. Participation is available to employees as long as a Sick Leave day is available to donate. The days contributed to the Bank become the property of the Bank and will not be returned to the employee.

New hires and employees returning from an approved leave of absence may sign up for participation in the Bank within thirty (30) calendar days of their initial hire/return from

leave. Employees may enroll during annual open enrollment (by August 1st for employees with 12-month contracts and by September 1st for all other employees).

Assets of the Bank will accumulate, but the maximum carryover is 300 days. The following year's Bank will consist of the days carried over from the previous year in addition to all contributed days for the year's participation.

Use of Sick Leave Bank days will be on a daily use basis; e.g., each eligible employee will draw each day until the total Bank Leave days have been exhausted. An eligible employee is one who has timely volunteered for participation in the Sick Leave Bank and is absent at least 10 work days as a result of the same serious health condition and has exhausted his/her personal Sick Leave without being eligible for long term disability, workers' compensation, and/or social security disability. Use of the Sick Leave Bank shall be limited to those absences where the treating physician verifies the serious health condition. The Sick Leave Bank may not be used for standard pregnancy related absences, but may be used for complications during an employee's pregnancy and/or delivery.

An employee who qualifies for Sick Leave Bank and returns to work may be eligible for additional Bank days later in the year for an absence related to the original qualifying serious health condition. A statement from the treating physician will be required for additional Bank days.

Bank grants will not automatically be carried over from one contract year to another. All Bank grants will end June 30 or the last regular duty day of the contract year, whichever is sooner.

PARENTAL LEAVE

Provided that the employee has time available in their sick leave balances, up to ten (10) days of sick leave may be used by the non-birth giving parent in the event of birth or adoption of a child.

BUSINESS AND PERSONAL LEAVES

Employees working less than a 12 month contract are eligible for business and personal leave as outlined below.

- Employees may apply for and will be granted temporary leaves of absence, without loss of pay, on the basis set forth below: (The District may limit such leaves to fifteen (15) for any one day.)
- One (1) day may be used to transact strictly important personal matters of a mandatory nature such as a summons to appear before the Internal Revenue Service, participation in a court proceeding or hearing in which the employee is either a party plaintiff or a party defendant or a directly interested person as an estate beneficiary where presence is required by official court notification,

appointment with an attorney to settle a legal matter or an appointment involving a real estate mortgage matter with a financial institution. To qualify under this category, the personal business matter must be of timely importance which cannot be transacted by telephone, after school hours or on weekends and the District may require reasonable substantiation of the matter requested.

- Employees that receive personal days will receive two (2) days personal leave for no reason given, providing that no more than one such leave for each ten (10) employees in a particular building per day will be granted per day OR at the discretion of the building supervisor or administrator.
- One (1) day personal leave that can be elected by employees who have used three (3) or fewer sick leave days in the previous year AND the employee has elected in writing to trade five (5) of their current year's allotment of sick days for said personal day on or before September 1st of the current contract year. This personal day can be used with no reason given, provided that no more than one such leave for each ten (10) employees in a particular building per day will be granted per day. This personal day is not available to first year employees.
- None of said personal business or personal leave days shall be approved:
 - When both are scheduled immediately before or after a weekend during the final six weeks of the school year
 - On the day before or the day following a vacation period
 - Or when the District has limited such leaves to fifteen (15) for any one day
 - The District can give consideration to application for leaves of absence on said days in cases of emergency to be granted at the discretion of the District.
- In the event an employee needs not more than one of the personal leave days provided for in conjunction with the personal business day provided for, the employee shall state the reasons therefore in the application and the District will grant it, subject to substantiation if requested and the other applicable provisions of this leave.
- Applications for personal and/or business leaves shall be requested by the employee at least 7 calendar days in advance, unless of an emergent nature.
- The District shall promptly either approve or deny each request and if denied, the District shall state the reasons therefore.
- Personal or business leave days are not accumulative from year to year.

JOB-RELATED INJURY OR ILLNESS (WORKERS' COMPENSATION)

For absences of an employee from the regularly assigned duties as a result of any service connected illness or injury which renders the employee unable to perform the duties of his/her employment and for which workers' compensation participates, the employee will be provided the option to supplement the difference between the amount

worker's compensation pays and the employee's normal salary by reducing the employee's sick leave on a pro-rated basis.

BEREAVEMENT

An employee may apply for personal leave in case of death of a member of the immediate family (spouse, parent, step-parent, guardian, sibling, child, stepchild, foster child, grandchild, grandparent and comparable relatives of the spouse) The employee may be granted leave without loss of pay for as many days, not to exceed five (5) days. An additional five (5) days may be granted in the event of a death of spouse, parent, or child of the employee as may be necessary.

In case of a funeral of any other relative or person of unusually close relationship, the employee will be granted one-half (1/2) day with pay. One (1) day with pay may be granted if the situation makes it necessary.

FAMILY ILLNESS

In the case of illness of a member of the immediate family, the employee shall be granted a paid leave of absence for a period not to exceed five (5) days per year as may be necessary. An additional two (2) days may be granted by the Human Resources Department with pay minus the actual cost of a substitute.

Family illness is defined as a member of the immediate family calling for the services of a physician of such nature that the immediate presence of the employee is required during the work day.

Verification of illness may be required.

JURY AND LEGAL

Employees required to serve on jury duty shall be released from their assignment to so serve. This absence must be submitted on the Frontline Absence Management System. Employees required by law to testify in criminal or civil court or administrative proceedings shall be released from assignment to so testify when the appearance so required is related to the performance of the employee's contract duties or is a non-job-related appearance in which the employee is not a defendant or plaintiff. If an employee is released from jury duty more than two (2) hours before the end of their scheduled work day, they are required to return to work. If a second shift employee is released at least 2 hours prior to their work shift, they should report to work at their regular scheduled work time. Second shift employees need to report to work 2 hours after being released from jury duty. Any fees or remunerations the employee receives during such leave shall be turned over to the District. This includes payment received for jury duty service, except for mileage and parking meter. All employees must submit a slip from the Clerk of Court listing time served as a juror.

EMERGENCY LEAVE

Paid leave may be available to employees that are victims of catastrophic events (natural disasters, fire damage, flooding, etc.). This leave is granted at the sole discretion of the District. Requests for emergency leave shall be submitted in writing to the Human Resources Department.

LEAVE FOR HEALTH AND FAMILY RESPONSIBILITY

In the event that this leave is taken for the employee's own personal health or disability, once the employee is released from a physician's care, the employee will need to submit a request to return to work or apply for another applicable leave option. An employee may request an extension of such leave for up to one additional year. The duration of the leave may be dictated by the District to meet the educational needs of students.

COMMUNICATIONS

ACCEPTABLE USE POLICY

The District's expectation is that staff will use maturity, common sense, and sound professional judgment in all interactions with students, parents, and community members.

INTERNET AND COMPUTER NETWORK-APPROPRIATE USE AND SAFETY 604.2

Because technology is a vital part of the school district curriculum, the Internet and an internal computer network will be made available to employees and students. Appropriate and equitable use of these resources will allow employees and students to access resources unavailable through traditional means. This Policy is to prevent unauthorized access and other unlawful activities by users online, prevent unauthorized disclosure of or access to sensitive information, ensure technology access is used for educational and district related purposes, and to comply with the Children's Internet Protection Act ("CIPA") and the Children's Online Privacy Protection Act ("COPPA").

Students will be able to access the Internet and other network resources at the discretion of their teachers. Individual student network accounts, Google Apps for Education accounts, and electronic mail addresses will be issued to all students. Additionally, teachers periodically use other online tools with students as needed to achieve their curricular objectives. Parents who wish to prevent their student from accessing online tools using accounts provided by the district must complete the appropriate opt out form available from their child's school. Access to the district's network is provided via an assigned username and password. It is the responsibility of users to maintain the privacy of their password. Users should never give out their account credentials under any circumstances and should never reply to an unsolicited email seeking account credentials or other personal information.

The Internet can provide a vast collection of educational resources for students and employees. It is a global network which makes it impossible to control all available information. Because information appears, disappears and changes constantly, it is not possible to predict or control what students may locate. The school district makes no guarantees as to the accuracy of information received on the Internet. Although students will be under teacher supervision while on the network, it is not possible to constantly monitor individual students and what they are accessing on the network. Some students might encounter information that may not be of educational value. Student Internet records and access records are confidential records treated like other student records. The district will use technology protection measures to block or filter, to the extent practical, access of material which is obscene, pornographic, and harmful to others over the network. The district reserves the right to monitor users' online activities and to access, review, copy, and store or delete any electronic communication or files and disclose them to others as it deems necessary. Users should have no expectation of privacy regarding their use of district property, network, and/or Internet access or files, including email, as district email may be a public record.

Students at all ages will be engaged in age-appropriate instruction on internet safety and appropriate online behavior, including interacting with other individuals on social networking sites and chat rooms. This will include awareness and appropriate response to cyber bullying. The foundations for this instruction are found in our Media Standard 3: Seeks multiple perspectives, shares information and ideas with others and uses information and resources ethically, Objective 8: Follows Internet safety rules and guidelines as outlined in policy and OnGuard Online curriculum.

The network is to be used in support of education and research and consistent with the purposes of the Waterloo Community Schools District. It is not to be used for commercial or for-profit purposes, and should not be used extensively for personal and private business. Additionally, the network should not be used for product advertisement or political lobbying. Users must not use the network to access or process pornographic material, threatening or obscene material, inappropriate files, or files dangerous to the integrity of the network. Additionally, hate mail, harassment, discriminatory remarks, or other antisocial behaviors must not be used on the network, and copyright laws must not be violated. Users must not intentionally seek information on, obtain copies of, or modify files, other data, or passwords belonging to other users, or misrepresent other users on the network. As the use of the internet and the district's network is a privilege, inappropriate use may result in cancellation of those privileges and may also lead to disciplinary and/or legal action for both students and employees.

Staff members may be given access to confidential or protected information through the district's information systems or through other mediums. Staff cannot disclose this information to any outside individual or group without consent from technology services or student services. Additionally, staff must only access information relevant to their job function within the Waterloo Community School District. Further, staff must understand that user IDs and passwords are personal keys to provide access to confidential information. These credentials must not be shared with anyone, as staff members are liable for information retrieved, altered, or shared from their account.

Staff members should also take appropriate measures to protect and safeguard confidential data they create, modify, or access. Confidential information, such as but not limited to social security numbers and bank account information, should never be stored on removable media such as flash drives. Staff should also ensure that confidential information is never transmitted over insecure or unencrypted mediums. If there is any question whether a medium, service, or site is secure, staff members should consult with technology services. The staff member sharing data is responsible for ensuring only relevant individuals can access the data being shared. Staff should take particular caution when sharing data via cloud-based services to ensure they have set security permissions appropriately to restrict access to confidential information. Any suspected data breaches should be reported immediately to the staff member's supervisor and to technology services.

STAFF USE OF DISTRICT LAPTOP COMPUTERS AND MOBILE DEVICES

802.7

This Staff Laptop Computer and Mobile Device Policy is a supplement to the Waterloo Community School District's Internet and Computer Network Appropriate Use Policy and the District's Tech Support policies. The District's Internet and Computer Network Appropriate Use Policy, Staff Laptop Computer and Mobile Devices Policy, and Tech Support policies apply to the use of all technology inside and outside the school premises and staff members are expected to follow all of these policies when using the District's technology.

The Waterloo Community School District has decided to allow staff to use the District's laptop computers, tablets, and other technology inside and outside the school in order to enhance, enrich, and facilitate teaching and administrative duties as well as school communications. District technology is to be used as a productivity tool for school-related business, curriculum enhancement, research, and communications. Staff members may use the District's devices for limited personal purposes subject to this policy, the District's Appropriate Use Policy, and the District's Tech Support policies. Staff members also shall exercise appropriate professional judgment and common sense when using District technology.

Any resignation for an ensuing school year shall be accepted without question if submitted prior to the 30th of June of the current school year or within 21 days of issuance of a continuing contract, whichever date occurs first.

RETIREMENT

Any employee who plans to retire shall concurrently submit his/her resignation to the School Board and his/her application to the Iowa Public Employees' Retirement System for benefits. Employees are encouraged to submit the resignation and application form at least 90 days in advance of the retirement date to ensure their retirement check is issued the month following the last month of service with the District.

FINAL PAY FOR RETIREES

An employee upon retirement shall have the option of receiving all of his/her earned, contracted salary less authorized deductions within thirty (30) days after termination.

EXIT INTERVIEWS

At the end of your employment relationship with the District you will be asked to complete an Exit Survey. We use the information to understand why people leave our organization and review our programs and policies to encourage long-term retention. We will use the information provided in this process to improve our District climate and our overall retention rate.
