

ANTI-BULLYING/ANTI-HARASSMENT POLICY

The Waterloo Community School District is committed to providing all students, staff, and volunteers with a safe and civil school environment in which all members of the school community are treated with dignity and respect. Bullying and/or harassment of or by students, staff, and volunteers is against federal, state, and local policy and is not tolerated by the board. Bullying and/or harassing behavior can seriously disrupt the ability of school employees to maintain a safe and civil environment, and the ability of students to learn and succeed. Therefore, it is the policy of the state and the school district that students and adults shall not engage in bullying or harassing behavior in school, on school property, or at any school function or school-sponsored activity.

Accordingly, school employees, volunteers, and students shall not engage in bullying or harassing behavior while on school property, while on school-owned or school-operated vehicles, while attending or participating in school-sponsored or sanctioned activities, and while away from school grounds if the conduct materially interferes with the orderly operation of the educational environment or is likely to do so.

Complaints may be filed with the Superintendent or Superintendent's designee pursuant to the regulation accompanying this policy. The Superintendent is responsible for implementation of this policy and all accompanying procedures. Complaints will be investigated within a reasonable time frame. Within 24 hours of receiving a report that a student may have been the victim of conduct that constitutes bullying and/or harassment, the district will notify the parent or guardian of the student.

If as a result of viewing surveillance system data or based on a report from a school district employee, the district determines that a student has suffered bullying or harassment by another student enrolled in the district, a parent or guardian of the student may enroll the student in another attendance center within the district that offers classes at the student's grade level, subject to the requirements and limitations established in Iowa law related to this topic.

A school employee, volunteer, or student, or a student's parent or guardian who promptly, reasonably, and in good faith reports an incident of bullying or harassment, in compliance with the procedures in the regulation, to the appropriate school official designated by the school district, shall be immune from civil or criminal liability relating to such report and to participation in any administrative or judicial proceeding resulting from or relating to the report.

Individuals who knowingly file false bullying or harassment complaints and any person who gives false statements in an investigation may be subject to discipline by appropriate measures.

Retaliation Prohibited

Retaliation against any person because the person has filed a bullying or harassment complaint or assisted or participated in an investigation is prohibited.

Any student found to have violated or retaliated in violation of this policy shall be subject to measures up to, and including, suspension and expulsion. Any school employee found to have violated or retaliated in violation of this policy shall be subject to measures up to, and including, termination of employment. Any school volunteer found to have violated or retaliated in violation of this policy shall be subject to measures up to, and including, removal from service and exclusion from school grounds.
