

ASSIGNMENT OF STUDENTS

The administration is charged with the responsibility for balancing classes. Once enrollments have stabilized in October, it may be necessary to make adjustments in class size. The following factors will be considered in the reassignment of students:

1. The best possible learning situation for students involved
2. Classroom sizes
3. The physical facilities available
4. Transportation
5. Safety factors
6. Age of the students
7. Distance

Notice of such adjustments and the reasons for them will be given to the parents as soon as possible after the opening of school.

Legal Ref.: Iowa Code §§ 279.11.
