

SPECIAL HEALTH SERVICES

Students requiring special health services to participate in their educational program shall receive these services in conjunction with their educational program. The school nurse shall participate as a member of the educational team for each student requiring these services. An Individual Health Plan (IHP) will be developed for students with special health needs. The licensed health professional will supervise the special health services, define the level of supervision and document the supervision in accordance with administrative regulation 507.5-R1.
