

## SITE ACQUISITION

Sites acquired by the Board will meet, or, upon improvement, be able to meet the specifications set out by the Board prior to using the site for the education program. The Board may meet in closed session to discuss potential purchases of specific sites in compliance with applicable laws.

In general, a site for a 400-500 student elementary school will be 15-20 acres; a site for a 600-700 student middle school will be 35-40 acres; and a site for a 1200-1600 student high school will be 60-80 acres.

It is the responsibility of the Superintendent, in conjunction with the Director of Operations, to assist the Board and to make recommendations concerning the acquisition of sites.
