

CAPITAL ASSETS REGULATION**A. Capital Assets Management System Team**

The CFO, Director of Operations, Director of Technology and/or other designated staff, shall:

- 1) Conduct the fixed assets physical count;
- 2) Develop the fixed assets listing;
- 3) Tag fixed assets included in the fixed assets management system with a bar code identification number;
- 4) Make a recommendation of a computer software program for managing the fixed assets management system;
- 5) Enter the necessary data into the fixed capital assets management system and compile the appropriate reports;
- 6) Develop forms and procedures for maintaining the integrity of the fixed capital assets management system; and,
- 7) Maintain responsibility for an accurate fixed capital assets management system.

B. Determining historical cost

1. The historical cost of a capital asset is based on the actual costs expended in making the capital assets serviceable.
2. Gifts of capital assets are valued at the estimated fair market value at the addition/acquisition date.
3. Fixed assets purchased under a capital lease are valued at historical cost of their net present value of the minimum lease payments on the addition/acquisition date.
4. The historical cost of capital assets must include capitalized interest.

C. Annual capital assets listing reconciliation

1. The CFO, and/or other designated staff, in conjunction with the capital assets management team, will conduct an annual capital assets physical count to develop the annual capital assets listing in a manner similar to the initial capital assets listing process in B above. At least every three years, someone other than the person in custody of the capital assets in the building/department/room will perform the capital assets physical count for the building/department/room. If a Service Provider is used to conduct the annual review, a Request for Proposal (RFP) document will be used with qualified vendors.
2. Upon completion of the annual capital assets listing, the capital assets listing is reconciled to the capital assets management system data base.
3. Capital assets found to have been excluded from the data base are added to the capital assets management system. The capital assets management system process should be reviewed to prevent future incidents of excluding a capital asset.
4. Capital assets unaccounted for are reported to the CFO or designee who contacts the supervisor of and the individual in charge/control/custody of the capital asset. The individual in charge/control/custody of the capital asset has thirty days to account for the capital asset.
5. Capital assets unaccounted for after thirty days are reported to the superintendent for appropriate action and documentation. "Appropriate

action" may include discipline, up to and including discharge, and may require the employee/person in charge/control/custody of the capital asset to replace the asset.

6. The CFO or designee is responsible for documenting the reasons each asset was not reconciled to the capital assets management system.
